

Becoming a Wild Academy Member 2023-2024

I am becoming a member of the Wild Academy Junior Ice Hockey Club. We pride ourselves in our close together family mentality as a club, when joining the Wild Academy. I am buying into the club ethos and the philosophy and will present this while representing the club both on and off the ice.

I also understand, all the club coaches and officials are working towards the same goal as myself, which is to develop myself and others as ice hockey players, create new friendships, progress my knowledge of ice hockey and how to play the game, and also to work towards my teams common goal to compete at the best of our ability and to enjoy the process and the love of the sport.

I will do my best to bond with the team and work towards the common goal of in develop.

As a Club we like to get involved with the surrounding community as well and we fundraise too, so where possible joining in on any community or fundraising projects will be of benefit to the club and also improve your off ice actions and work ethic

Hard Work is Good Work, Strive to Achieve

BYB = Be Your Best
